DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claims 13-15 and 31-33 directed to an invention non-elected with traverse in the reply filed on 4/25/2005.

Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

Allowable Subject Matter

2. Claims 1, 3-12, 16-21, 23-30, 34-38, 43, and 44 are allowed.

3. The following is an examiner's statement of reasons for allowance: Applicant has amended the claims to include the limitation that the reflection assembly includes at least one curved mirror and that the electronic warping is performed such that distortions caused in the light engine and the optical reflection assembly are substantially eliminated. This in combination of all of the other claimed limitations of the independent claims was not found in the prior art as

discussed in applicant's arguments received on 11/16/2007. Accordingly claims 1, 3-12, 16-21, 23-30, 34-38, 43, and 44 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Amendment

4. The Declaration under 37 CFR 1.132 filed 11/6/2007 is insufficient to overcome the rejection of claims 1, 3-12, 16-21, 23-30, 34-38, 43, and 44 based upon 35 U.S.C. 103(a) as set forth in the last Office action because: it fails to set forth facts and rather is simply a discussion of applicant's opinion of the prior art rejection. While an affidavit of an applicant is considered it is less persuasive. However the declaration is irrelevant as applicant has amended the claims placing them in an allowable form not requiring the declaration.

Conclusion

5. This application is in condition for allowance except for the following formal matters:
The withdrawn claims (see section 1 of this office action).

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
